# How to: Manage your subscription

There are two ways to manage your subscriptions on the Meta Quest:

- On the web
- In your Meta Quest phone app

Navigate to Settings > Subscriptions, and find all relevant information along with the option to cancel it.

In HOLOFIT, you'll be able to see the status of your membership on the user login screen. Note that Meta manages subscription plans so you can only manage your membership through the Meta website or the Meta Quest phone app.

---

\*For any issues with a subscription started on your Meta Quest headset, you'll have to contact the Meta Quest support directly.
